

## Rated top 10 BEST VALUE PRODUCERS in Alsace - Tom Stevensons "Global Report"

# Mader

(organic)

[www.vins-mader.com](http://www.vins-mader.com)

Alsace (Hunawihir)

The Mader domaine is a very small quantity, high quality wine producer based in the picture postcard village of Hunawihir in the middle of vineyards on the Route des Vins. The family own 9 hectares of vineyards, including prized holdings of vines in the famous 'Rosacker' Grand Cru vineyard and also now in the Grand cru Schlossberg. All vineyard work is carried out by hand and since 2005 their son Jerome is now running the estate having studied and gained a Diploma in Oenology. Since returning to the family estate Jerome has also converted all their vineyards to bio-dynamic viticulture.

Rieslings here are some of the few in Alsace produced in a classic fine dry style built to age. In exceptional years a tiny volume of late harvest 'Vendanges Tardive' Riesling is made in a similar fine, elegant style that ages superbly. Jerome is fanatical about quality so yields are kept very low and selections for all wines are very strict ensuring the highest quality. The entire range of wines from the Mader family taste true to their grape varieties and vineyard origins and all represent fantastic value.

### 2016 Pinot Blanc

(stelvin seal)

Fine racy and floral. Classic white flower and citric aromas lead to a crisp and refreshing palate. Perfect aperitif - and great with seafood.

*"The 2016 Pinot Blanc (2/3 Auxerrois and 1/3 Pinot Blanc) opens clear, fresh and slightly mineral on the nose, with white-fruit and melon aromas. This is a delicate and well-balanced white with juicy fruit, salty minerals and a good phenolic grip. This is a dry and straight food wine with a really good finish. 88"* Stephan Reinhardt, The Wine Advocate June 2017

### 2015 Pinot Gris

(stelvin seal)

Very fragrant peach, apple and tropical fruit characters on the nose and palate. Round and supple in texture, with wonderfully precise flavour. Great concentration and depth with a little residual sweetness in this ripe vintage. The rich texture and cleansing acid balance gives this wine great appeal.

*"The 2015 Pinot Gris opens clear, ripe and aromatic on the nose with smoky and tropical fruit aromas. Round and juicy on the palate this is a medium- to full-bodied and well-structured Pinot from pure clay soils. The wine was bottled with 14.5% alcohol and almost seven grams of residual sugar. Fine tannins here as well, and a good, slightly salty finish 88."* Stephan Reinhardt, The Wine Advocate June 2017

### 2015 Pinot Gris Grand cru Schlossberg DRY

Schlossberg is a south east facing slope from a steep terraced granite block. It became the first Alsace *grand cru* in 1975. Maders vineyard is east-facing and the highest on the slope from vines over 20y.o. giving tiny yield. The wine is whole bunch pressed with indigenous fermentation. 1/3 is aged in barrel, the rest in tank for 9 months on lees. *"From granite soils and fermented in 350-liter barrels and stainless steel (3/4 to 1/4) the 2015 Grand Cru Schlossberg Pinot Gris Sec opens with an intense and slightly oaky, but also yeasty, bouquet with fine Pinot aromas. Intense and silky, with fine tannins and a lot of salt, this is an impressive, elegant and finessed Pinot Gris with a long and pure, stimulating salty finish. Bottled with 4.7 grams of residual sugar and 14.3% alcohol. 90+"* Stephan Reinhardt, The Wine Advocate June 2017

### 2015 Gewurztraminer

(stelvin seal)

Take one whiff of this wine and it's impossible to mistake the grape variety. Shows classic rose petal aromas, with hints of wild flowers and exotic Lychee fruit. Lovely round texture, with layer after layer of flavour extending to a very long and generous finish. This is classic Alsace Gewurztraminer.

*"The 2015 Gewurztraminer is sourced in the higher altitudes of Hunawihir from clay and limestone soils. It has a clear and fresh, pretty precise and aromatic bouquet with some smoky aromas. Bottled with 33 grams of residual sugar, this is a round and semi-sweet Gewurz with good grip and some mineral characteristics."* Stephan Reinhardt, The Wine Advocate June 2017

***"Although Mader's wines from Grand Cru Rosacker steal the show, his entire line-up is recommended"* Jacqueline Friedrich - The**

Alsace

The Mader domaine is a very small quantity, high quality wine producer based in the picture postcard village of Hunawihir in the middle of vineyards on the Route des Vins. The family own 9 hectares of vineyards, including prized holdings of vines in the famous 'Rosacker' Grand Cru vineyard and also now in the Grand cru Schlossberg. All vineyard work is carried out by hand and since 2005 their son Jerome is now running the estate having studied and gained a Diploma in Oenology. Since returning to the family estate Jerome has also converted all their vineyards to bio-dynamic viticulture.

Rieslings here are some of the few in Alsace produced in a classic fine dry style built to age. In exceptional years a tiny volume of late harvest 'Vendanges Tardive' Riesling is made in a similar fine, elegant style that ages superbly. Jerome is fanatical about quality so yields are kept very low and selections for all wines are very strict ensuring the highest quality. The entire range of wines from the Mader family taste true to their grape varieties and vineyard origins and all represent fantastic value.

### 2015 Gewurztraminer Grand cru "Rosacker"

*"The 2015 Grand Cru Rosacker Gewurztraminer is clear and smoky on the nose, fresh and nicely spicy. On the palate this is a very elegant, finessed and salty Gewurz with a nice tannin grip and structure. The Önish is long and complex, well structured, and, although it is quite sweet, is a persistent and expressive Gewurz that is nicely discreet. 92+."* Stephan Reinhardt, *The Wine Advocate* June 2017

### 2015 Riesling

(stelvin seal)

This wine also contains almost 15% de-classified Grand cru fruit from vines around 30 years old in the great Rosacker vineyard. The wine is a blend of several sites of mostly limestone based soil. 2015 has produced a fine dry Riesling with texture and depth. Intense floral citrus aromas with mineral backing and wonderful acid backbone.

### 2015 Riesling Grand cru "Rosacker" - from 60+ year old vines located near the top of the vineyard

2015 was a great vintage for this outstanding Grand Cru vineyard which is home to the famous 'Clos St Hune' Riesling from Trimbach. Tiny yields in the 2015 vintage resulted in this wine of great intensity, finesse and shape with rich, intense citrus fruit with notes of minerality and outstanding length. The wine's great depth of fruit, structure and mineral acidity ensures that 10 years or more of careful cellaring would be well repaid. A great dry Riesling from a great producer and great vineyard !!

*"Coming from a very warm and dry vintage, the 2015 Grand Cru Rosacker Riesling offers a deep, intense and Öoral bouquet with blossoms and truly ripe fruit aromas. Round and mouth-Ölling on the palate, this is a big, wide and wellstructured Riesling with high intensity and a lot of power. The Önish is still somewhat tannic due to the warm vintage and thicker skins. I'd keep it for seven or eight years before consumption. Tasted from a bottle closed with natural cork (1/3 was closed with screw cap.) 92+"* Stephan Reinhardt, *The Wine Advocate* June 2017

### 2014 Riesling Grand cru "Rosacker" - only a few 1.5L magnums left

*"The 2014 Grand Cru Rosacker Riesling opens very clear, fresh and precise on the nose and displays some gooseberry aromas at the moment, but mainly offers crushed stones and Öne white fruits. This is highly complex and excitingly precise! On the palate this is a perfectly balanced Riesling: full-bodied, silky and fresh, very salty, piquant and round, with a complex, very long, highly intense and tightly woven Önish. An excellent Rosacker with great purity! 93."* Stephan Reinhardt, *The Wine Advocate* June 2017

### 2001 Riesling vendanges tardives

Only a tiny amount produced of this remarkably fresh and very attractive medium sweet late harvest wine. Lovely fine fruit intensity, round and very long on the palate. It is not super-sweet like a Sauternes (and it doesn't try to be). This is a wine to savour at the beginning of the meal as an aperitif or with foie gras and richly flavoured entrees or cheese platters towards the end of a meal. Only made in 2 or 3 vintages each decade as dictated by nature. Can be enjoyed now and will also age superbly.

***"Although Mader's wines from Grand Cru Rosacker steal the show, his entire line-up is recommended"* Jacqueline Friedrich - The**
